

Putzmeister 1407 D

100m 250m 106m³/hr

The Putzmeister BSA 1407 D is a reliable stationary concrete pump ideal for medium-sized construction sites.

It is compact, lightweight and easy to transport on the construction site due to its high ground clearance. Equipped with an open hydraulic system and powered by a 115 kW diesel engine, it has a vertical reach of 100 meters and a horizontal reach of 250/300 meters.

Technical Details:

Delivery Cylinder	200mm
Delivery Stroke	1400mm
Output	Max 71m ³ /h
Delivery pressure	106 Bar
Strokes per minute	27
Engine Power	115kW
Weight	4300Kg
Pressure connection	5.5 inch
Length	6000mm approx.
Width	2200mm approx.
Height	2500mm approx.
