

Schwing 1800E

 40m  150m  95m³/hr

The Schwing 1800E is known for its reliable versatility and eco-friendly credentials.

On construction sites around the world, the SP 1800 has proven technologies, such as the robust and easy-to-clean ROCK concrete valve as well as the SCHWING hydraulic components, which guarantee high reliability and a strong output rate.

Power requirements:

250 amp at full load

400 amp to start up

Technical Details:

Delivery Cylinder	200mm
Delivery Stroke	1600mm
Output	Max 95m ³ /h
Delivery pressure	60 Bar
Strokes per minute	31
Engine Power	60kW
Weight	5100Kg
Pressure connection	5.5 inch
Length	5100mm approx.
Width	1950mm
Height	2080mm
